

Pipe Organ Consulting

“Thanks for taking such good care of the instrument. It has improved noticeably since you began working on it... I’ve had nothing but good experiences with your work.”

Kurt Glacy, Director of Music,
Blessed Sacrament Church, Walpole, MA
Wicks Pipe Organ, circa, 1950

There is nothing like...

“Pleased **Organ Customers.**”

At **P.O.C.** that is our **Primary Overall Concern.**

Allen J. Hill

Principal Consultant Technician

After a near 30 year affiliation with First Presbyterian Church, Poughkeepsie, NY, we are pleased to be re-leathering their Moller Pipe Organ’s Great division.

Please view our “completed” and “in-progress” list or call us toll-free **1. 800. 922. 1662**, **Access ext. 20** for a personal chat and consultation at no charge.

We look forward to hearing from you at
www.PipeOrganConsulting.com

Carl Meshanic supervises the removal of the large Great Reservoir.

The tell-tale sign of a jagged-torn pipe action pouch reveals the need to replace these well used pneumatic action pouches.
