

PIPE ORGAN CONSULTING

Allen J. Hill, PRINCIPAL CONSULTANT & TECHNICIAN

**There is Nothing Like Pleased Organ Customers
At P.O.C. that is our Primary Overall Concern**

After a near 30 year affiliation with First Presbyterian Church, Poughkeepsie, NY, we are pleased to be leathering their Moller Pipe Organ's Great division.

Carl Mechanic (left) supervises the removal of the large Great Reservoir – while the tell-tale sign of a torn pipe action pouch (below), reveals the need for their replacement.

George Hunt (left) of First Presbyterian Church and a former Reuter Pipe Organ Company employee, joyfully admires the recently installed, 'New Century' Zimbelstern, given by him in 2006.

“Thanks for taking such good care of the instrument. It has improved noticeably since you began working on it. I've had nothing but good experiences with your work.”

Walpole, MA - Wicks Pipe Organ, circa 1950.*
